

4. Page 6, replace the paragraph beginning with "Fig. 7a ..." with:

Fig. 7a and Fig. 8a show the approaches to merge images from different sub-panels into the format of one sub-panel. Fig. 7b & 7c show two examples of embodiment using the approach of Fig. 7a. Fig. 8b & 8c show two examples of embodiment using the approach of Fig. 7a.

5. Page 6, after the paragraph beginning with "Fig. 13a-g ...", insert two new paragraphs as follows:

Fig. 14 shows an example of optical layout when using a shadow mask to generate the illumination pattern.

Fig. 16a-16g shows example embodiments for recycling light rays from the illumination lamp.

Respectfully,

Applicant:
